

An amazing array of colors

AREAS OF APPLICATION

POLY SHEEN MULTI® allows you to show your true colors: the range of colors for POLY SHEEN MULTI® is hard to beat. The colors harmonize perfectly with the color palette of the single-color POLY SHEEN® for both embroidery and decorative sewing. POLY SHEEN MULTI® is the

perfect thread for traditional embroidery and contemporary design. It can be used in every situation and is particularly well suited for use with highly stressed textiles such as sports and leisurewear, children's clothes, leather, work clothing, jeans, terry cloth, catering and hospital laundry.

PRODUCT FEATURES

■ High color fastness through innovative color technology

Gives embroidery and decorative application a brilliance of color. This means the colors appear even more expressive and dazzling.

■ Trilobal thread profile

Thanks to its trilobal qualities, POLY SHEEN MULTI® – unlike conventional embroidery and decorative threads – has a significantly larger surface to reflect the light, making it appear even more brilliant.

■ Ecology

POLY SHEEN MULTI® is manufactured according to current international ecological guidelines and certified according to Öko-Text® Standard 100.

■ High wash, boil and light fastness

The embroidery and decorative application also stay totally colorfast when subject to harsh treatments, such as chlorine bleach, wet/dry abrasion, washing and ironing.

■ High tensile strength

The tensile strength of the trilobal polyester yarn is 50% higher than rayon or viscose. Excellent embroidery and stitching guaranteed – with no risk of thread breakage. The thread can also be used with the latest high performance sewing and embroidery machines.

Article no.	Raw Material	Strength	Length	Number of colors	Linear density	Needle size Nm	Tensile strength cN	Elongation at break %	Care Instructions
4820	100% Trilobal Polyester, Multifilament	40	200 m / 220 yds	42	ca. Nm 74/2 (dtex 135*2)	70-80	ca. 1226	ca. 24	
4880			800 m / 875 yds	36
